

Active Decision Support, Inc. Capability Statement

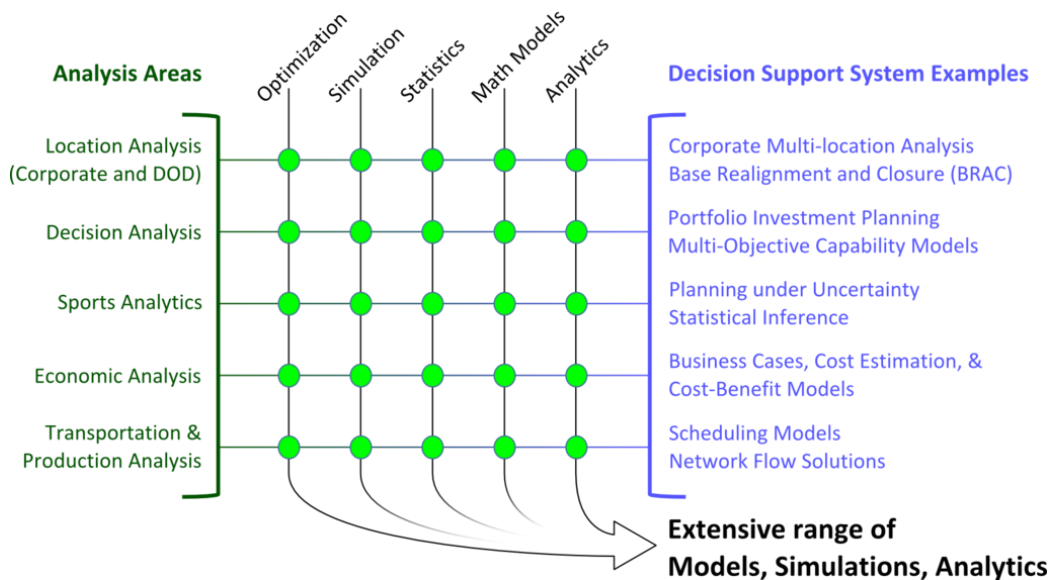

The Company

Active Decision Support, Inc. (ADS) was founded in 2008 and operates as a Service-Disabled Veteran Owned Small Business (SDVOSB). ADS provides both government and corporate clients with analytical results that address their real world problems through the application of Operations Research Methods. ADS uses modeling methods and transparent analysis practices to inform client’s decisions in an effort to effectively manage limited resources in an uncertain environment.

California Department of General Services, OSDS Certifications: Small Business (SB, Micro) and Disabled Veteran Business Enterprise (DVBE), #55711; **CMAS Contract #:** 4-14-03-0582A; **U.S. Department of Veterans Affairs:** Verified as Service-Disabled Veteran Owned Small Business (SDVOSB), DUNS #826852027

Consultant Capabilities

Active Decision Support, Inc. is able to build, operate, and manage Decision Support Systems (DSS) over a wide range of study areas. In addition, ADS can employ a range of methods to conduct studies of varying scope and detail for government or corporate clients.

ADS also applies Operations Research and Analytics to: Policy, Survey, and Environmental Analysis; Cost Estimation; and develops Software Applications using VBA, R, Python, SQL, and GAMS to meet client requirements.
